Re: Request for Information from GAF Corporation related to the LCP Chemical Site, Linden, NJ

Dear Mr. Toft:

This letter is being sent to memorialize our May 28, 1998 conversation regarding EPA's Request for Information related to the LCP Chemical site in Linden, NJ pursuant to the Comprehensive Environmental Response, Compensation and Liability Act.

The original Request for Information was received by GAF Corporation via certified mail on March 4, 1998. GAF Corporation failed to submit a response, or to request an extension within the specified thirty-day time period. Therefore, EPA issued a Second Request for Information, which was received by GAF Corporation via certified mail on May 18, 1998.

EPA is in receipt of your May 29, 1998 letter which documents your request for an extension of time to respond to the Request for Information. This extension is being granted without any prejudice to the government. A complete and truthful response should be submitted to EPA by June 15, 1998.

If you have additional questions regarding this matter, please contact me at (212) 637-3865.

Sincerely,

Patricia Simmons, Remedial Project Manager
Emergency and Remedial Response Division
